

5.1 USE OF THE CLIPARTS

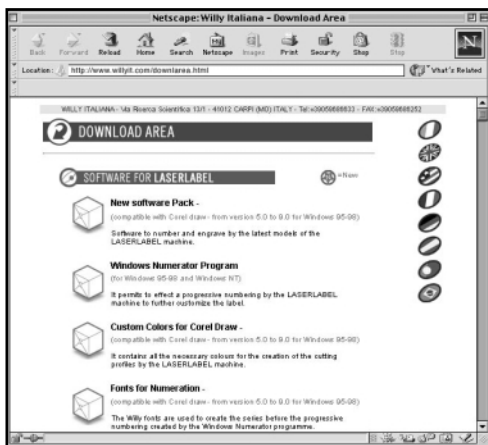

The last pages of this handbook reproduce all the WILLY CLIPARTS, printed for an easier reference. To use a CLIPART, just open the WILLY file and the number of the selected drawing.

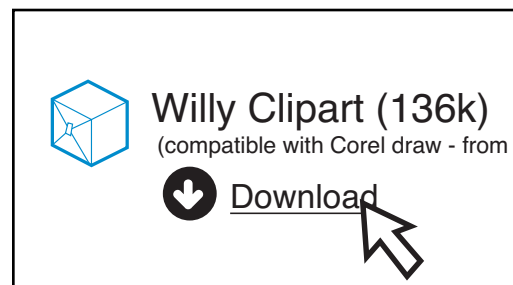

LA029

Download File from the Willy website

1. Connect to the Willy website at the address: www.willyit.com. Go to the **Download Area** and find the **Software for Laserlabel** section

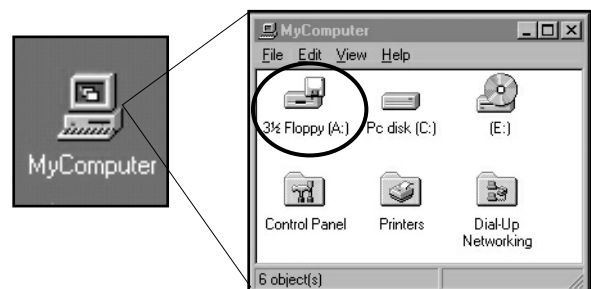

2. Select the file to download and make a click on the link **Download**.

Installation from floppy disk (included in the instructions manual)

- 1- Insert the floppy named "CLIPART" into the disk drive.
- 2- Make a double-click on the "My Computer" icon and then make the same operation for the **Floppy** icon.
- 3 - Drag and drop the "WILLY" folder on the desktop in order to copy it into the computer.

the Shapes Folder

The "Shapes" folder is created to collect all the shapes created with Corel Draw for the Laserlabel Machine.

Drag and drop the "SHAPES" folder on the desktop in order to copy it into the computer. It also contains the working grid **00STD**.

For the **00std** instructions, see chapter 5.5
